Dear Commissioner Forese,

Three utilities are trying to levy charges on solar customers outside of established procedures.

Utilities shouldn't get special treatment to raise rates for solar.

The fair process for discussing solar rates is in a rate case.

All Commissioners, and APS, have stated that solar rates should be looked at in a rate case.

The Commission should stick to their word and not let utilities raise rates outside of the proper venue.

Sincerely,

Gerry Milliken

Dear Commissioner Forese,

We live in Arizona and the USA... land of the free... Taxes solar makes me sick, I'm a veteran and I love our country, but this makes me ashamed of what we are becoming... It is wrong to tax, we need to have integrity and do what's right...  
Thank you, vanessa Rosa

Sincerely,

Vanessa Rosa
